

3rd Special webinar on COVID-19 for policy and technology sharing

1. Background and Purpose

- To meet the increasing global demand for the sharing of Korea's experiences on the fight against COVID-19.
- To jointly respond to the ongoing global pandemic crisis by sharing COVID-19 control policies and related technologies and information.

2. Overview

- **Title:** Special Webinar on COVID-19 for policy and technology sharing
- **Date and Venue:** May 27, 2020 (Wed) at 8:00 a.m. (Korea Time)
- **Presenters:** Officials from Ministries of Health and the National Fire Agency, experts in diagnostic testing and clinical treatment
 - ※ *All presentations will be in Korean (simultaneous interpretation into English and Spanish available)*
- **Major Topics:** National policies on COVID-19 response, the entire process from diagnosis, to patient transport and treatment
- **Attendees:** global healthcare staff members, especially from Latin America and the Caribbean countries

3. Method

- Anyone who wants to attend can join and ask questions in real-time (via the web streaming link: <http://medicalkorea.mlive.kr>)
- Disease control officials and experts will give virtual presentations followed by a real-time Q&A session, where the Chair will choose the questions

4. Organizers and Sponsors

- **Organizers**
 - Ministry of Health and Welfare (MOHW)
- **Sponsors**
 - Korea Foundation for International Healthcare (KOFIH)
 - Korea Health Industry Development Institute (KHIDI)

5. Program

- Professor Soonman Kwon of the Graduate School of Public Health, Seoul National University will be the chair, and Vice Minister Ganglip Kim of the Ministry of Health and Welfare will give video opening remarks
- Presentation topics are arranged in the following order: “National Policies on COVID-19 Response and Current Status” (by the Director General of Strategy and Planning of Central Disaster Management HQ), “Diagnosis”, “Patient Transport”, and “Treatment.”
